

We offer the customer an optimal transport solution

Crane vehicle

Hiab crane mounted on an aluminium platform for easier handling of goods. The crane is mounted on the right front of the bed with manual or hydraulic support legs.

3-way tipping

3-way tipper mounted on the chassis. The bed bottom and frame are in grey powder coated aluminium. The sideboards are constructed out of natural anodised aluminium. Load grating and middle frame are made from galvanised steel. The bed weight is approx. 480 kg depending on the model and size.

YDRE SKÅP develops and manufactures boxes for small and medium sized vehicles in addition to customising light weight vehicles. We utilise a high degree of creativity and a never-ending curiosity for coming up with new solutions, in combination with cost-effective production in order to offer our customers attractive transport solutions.
