

We see new opportunities where others see problems

Cooling fittings for vans

Have 40 mm insulated walls and roof, in addition to 40 mm slip and flush-resistant floor. Sliding door and rear doors are insulated with mineral wool. 2 drains in the front. PVC curtain included as standard at doors. Cooling aggregate Neos 100 mounted inside the van cabinet.

Lightweight boxes with cooling

A ready box solution with mounted cooling aggregate Carrier 300 or 350. The boxes volume is 17-19 m3. Gripstar floor that is flush and slip-resistant. PVC curtain at the back door. Two drainage holes at the front frame.

YDRE SKÅP develops and manufactures boxes for small and medium sized vehicles in addition to customising light weight vehicles. We utilise a high degree of creativity and a never-ending curiosity for coming up with new solutions, in combination with cost-effective production in order to offer our customers attractive transport solutions.
